

This gift will save lives worldwide by freeing land of unexploded weapons, teaching communities how to stay safe, and helping survivors rebuild their lives.

A donation has been given  
in your name to support  
Humanity & Inclusion.

CLEAR LAND. SAVE LIVES. BRING JOY.

Humanity & Inclusion has cleared mines and other explosive remnants of war in more than 40 countries. In addition, HI provides victim assistance and mine risk education to communities threatened daily by these indiscriminate weapons.

As one of the founding members of the International Campaign to Ban Landmines, HI was a co-recipient of the Nobel Peace Prize in 1997. This important advocacy work continues today, and will continue until the world eradicates these destructive tools of war.
